### DEPARTMENT OF REVENUE

# NOTICE OF HEARING ON PROPOSED ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 10 a.m. Monday, April 17, in the office of the Kansas Department of Revenue, secretary's conference room, second floor, Robert B. Docking State Office Building, Topeka, to consider the adoption of proposed permanent regulations of the Department of Revenue.

All interested parties may submit written comments prior to or at the hearing. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. This 30-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed permanent regulations.

Proposed regulation 14-17-6 is a new regulation which prohibits the Director of Alcoholic Beverage Control and any agent or employee of the ABC from accepting liquor, money, services or any other thing of value from any manufacturer, distributor, wholesaler or retailer of alcoholic liquor. There is no economic impact for this regulation other than the fact that employees of the Alcoholic Beverage Control Division will not be able to receive gifts or any thing of value from the industry.

Regulation 92-9-6 is being revoked.

Proposed regulation 92-9-6a is a new regulation replacing 92-9-6, 92-9-6a changes the amount each lessee must pay for all river sand sold during a given month from 2 cents per ton to 15 cents per ton. This is the only major change to the regulation. The language of the regulation has also been updated. At 2 cents per ton, the department received \$81,787 in river sand revenues in calendar year 1987. Based on 1987 revenues, if the fee per ton is increased to 15 cents, estimated revenue would be increased to a total of \$613,400.

Copies of the full text of the proposed regulations and economic impact statement may be obtained by contacting Melanie Caro, Legal Services Bureau, Kansas Department of Revenue, Robert B. Docking State Office Building, Topeka 66612-1588.

EDWARD C. ROLFS Secretary of Revenue

Doc. No. 007588

# KANSAS PUBLIC DISCLOSURE COMMISSION

Advisory Opinion No. 88-28

Written October 27, 1988, to Nancy Burns, Topeka.

This opinion is in response to your letter of October 14, 1988, in which you request an opinion from the Kansas Public Disclosure Commission concerning the conflict of interest law (K.S.A. 46-215 et seq.).

We note at the outset that the commission's jurisdiction on this matter is limited to the application of the above law. Thus, whether some other common law, statutory system or administrative rule or policy relates to your question is not covered by this opinion.

We understand you request this opinion in your capacity as a Substance Abuse Consultant for the Kansas

Department of Corrections.

You advise us that shortly after you began working for the department, you sat on a review board to review bids for a project at KCVTC in Topeka. The review board did not recommend a provider for the project due to the differences in the way the proposals were written. Therefore, the proposals went to a negotiating committee, and you were not a part of the negotiating committee. Shortly after the review of the KCVTC proposals, Deputy Secretary Angela Rinaldo made the decision to ask all bidders for a price on a project at Ellsworth Correctional Facility. The last contact you had with this process was to sit on a review board that did not recommend any specific contractor for KCVTC. Ellsworth was not a part of the original proposal. Both projects went into a negotiating committee, of which you were not a part. You never saw or had input into the bids or which provider got the contract. You did not know the bid amounts until after the contracts were awarded. The two projects have separate contracts. The contracts could have been awarded to two separate providers. The results were not known to you until the contracts were awarded. Both contracts were awarded to the same provider due to that provider's submitting the lowest bid.

The provider who was awarded the contracts has offered you a position. Based on this factual situation, you ask whether you may accept the job with the entity which

contracted with Ellsworth.

K.S.A. 46-233 states in pertinent part: "Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee..."

From a review of the factual situation, it is our opinion that you did not "participate" in the making of the contract between the state and the vendor at Ellsworth. Therefore, the conflicts law does not prohibit your acceptance of the position you have described.

### Advisory Opinion No. 88-29

Written October 27, 1988, to all interested persons. It has come to the commission's attention that, on oc-

casion, state officers or employees will be employed by an outside organization to represent that organization on business with the state, but the state officer or employee will not actually appear before the state agency involved. The question that arises under these circumstances is whether the state officer or employee is required to file a representation case disclosure statement under K.S.A. 46-239.

K.S.A. 46-239 states, in pertinent part, "(a) No state officer or employee shall accept employment in any representation case, unless such officer or employee has properly filed the disclosure statement prescribed by this section. (b) Any state officer or employee who is employed in any representation case shall, not later than ten (10) days after the acceptance of employment for such case or on the first appearance before the state agency involved (whichever occurs first), file on a form prescribed and provided by the commission a disclosure statement as provided in this section. Any individual, while a legislator or within one (1) year after the expiration of a term as a legislator, who contracts to perform any service for a state agency other than the legislature, shall not later than ten (10) days after the acceptance of such contract, file a disclosure statement as provided in this section . . .

Although not controlling, implicit in this language given the two-part test for when to file is the theory that an

actual appearance is required before filing.

K.S.A. 46-226 defines representation case as follows: "Representation case' means the representation of any person, client, principal, or third person, with compensation, in any matter before any state agency where the action or non-action of the state agency involves the exercise of substantial discretion; but representation case does not mean or include (a) any communication initiated by a legislator on behalf of a constituent or other member of the public for which no compensation is received or to be received, or (b) preparation and filing of tax returns or other governmental forms, or (c) participation in tax audit negotiations, or (d) any activity of a state officer or employee in carrying out the duties of his or her office or employment, or (e) a preliminary inquiry by any person into a matter before a state agency."

Here, the word "before" could be a modifier for where the action exists, that is, it is before a state agency, or it could modify "representation," i.e. representation before any state agency. If the first interpretation is given, then an appearance is not necessary, merely that the representation deal with an issue before a state agency. If the second analysis is correct, then the representation must be before the state agency and an appearance would be

required.

Given the various possible interpretations and the language implicit in K.S.A. 46-239, and recognizing the rule of strict construction applicable to a criminal statute, we are constrained to rule that a state officer or employee who does not appear before a state agency is not required to file the representation case disclosure statement.

### Advisory Opinion No. 88-30

Written October 20, 1988, for Bob McDaneld, Administrator, Board of Emergency Medical Services, 111 W. 6th, Topeka.

(continued)

This opinion is in response to your letter of September 20, 1988, in which you request an opinion from the Kansas Public Disclosure Commission concerning the state conflict of interest law (K.S.A. 46-215 et seq.).

We understand you request this opinion in your capacity as administrator for the Board of Emergency Med-

ical Services.

You state the Board of Emergency Medical Services includes among its 13 members four people who also serve as examiners for the examination and certification section of the board. These board members are paid a consultant fee and mileage for their work as examiners.

You ask whether it is permissible for the board members to also accept contracts with the board to serve as

examiners.

K.S.A. 46-233 states:

"(a) No state officer or employee shall in the capacity as such officer or employee participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee has a substantial interest and no such person or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to or a participant in the making of such contract and is employed by or has a substantial interest in such person or business. Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any such person or business for one year following termination of employment as a state officer or employee. . . . (d) Subsections (a) and (b) shall not apply to the following: (1) Contracts let after competitive bidding has been advertised for by published notice; and (2) Contracts for property or services for which the price or rate is fixed by law.

From a review of this section, it is our opinion that so long as the board members do not participate in the making of the contract with themselves as examiners, they may be so employed. For guidance, we would suggest they absent themselves from meetings where such contracts are discussed. In their capacity as board members, we would also recommend they not vote on these contracts or communicate with other board members or staff with discretion thereon.

### Advisory Opinion No. 88-31

Written October 27, 1988, to Terry P. Todd, Attorney at Law, Cherryvale.

This opinion is in response to your letter of October 17, 1988, in which you request an opinion from the Kansas Public Disclosure Commission concerning the local conflict of interest statutes (75-4301 et seq.).

You advise us that you may be in a situation where you would hold both county attorney and city attorney positions within the same county. You ask whether the holding of these dual positions constitutes a conflict of interest.

We have reviewed K.S.A. 75-4301 et seq. and the holding of the dual positions is not precluded by that law. There may be circumstances in which, on a particular action, you would need to abstain in one or both capacities.

Whether the situation you described constitutes a common law conflict is outside our jurisdiction and we would suggest you contact the Attorney General's office on that issue.

### Advisory Opinion No. 88-32

Written December 1, 1988, to Stanley L. Basler, Cherryvale.

This opinion is in response to your letter of November 17, 1988, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as chairman of the Montgomery County Solid Waste Management Advisory Committee.

You state that one of the duties of that committee is to regulate to some extent your county franchisee for solid waste management. That entity is Resource Recovery, Inc., which operates a landfill composting and recycling facility. The committee that you chair has, among other responsibilities, the duty to make recommendations to the Montgomery County Commission as to rate increases and modifications of the franchise agreement.

During your recent campaign for the state senate, the principal stockholder of Resource Recovery, Inc. either individually or through another corporation that he owns, contributed money in the amount of \$100-\$150 to your campaign. This donation has been disclosed on reports filed with the Public Disclosure Commission.

You ask whether you may continue in your capacity on the advisory committee or whether any restraints are placed upon you or additional disclosure is required.

We have reviewed the relevant law within our jurisdiction (K.S.A. 75-4301 et seq., and K.S.A. 25-4101 et seq.) and it is our opinion that the reporting of the contributions on your campaign finance report is all that is required of you. The receipt of the contribution in no way affects your ability to serve on the advisory committee or places any restraints on you.

(B) any leak in which escaping gas has ignited;

(C) any indication that gas has migrated into or under a building, or into a tunnel;

property.

(2) A class 2 leak means a leak that is non-hazardous at the time of detection, but justifies scheduled repair based on probable future hazard. Class 2 leaks shall be repaired within 6 months after detection, but any such leak discovered after June 30 of any calendar year shall be repaired no later than December 31 of the same year, or ground freezing, whichever occurs first. This class of leak may include but not be limited to the following conditions:

(A) Any leak which, under frozen or other adverse soil conditions, would be likely to migrate to the outside wall

(D) Any reading less than 80% LEL in a small substructure from which gas would likely migrate creating a probable future hazard;

(E) Any reading between 20% LEL and 80% LEL in

a confined space;

sociated substructure; or

(H) Any leak which, in the judgment of operating personnel at the scene, is of significant magnitude to justify scheduled repair.

(3) A class 3 leak means a leak that is non-hazardous at the time of detection and can reasonably be expected to remain non-hazardous. This class of leak may include but not be limited to the following conditions:

(A) Any reading of less than 80% LEL in a small gas

associated substructure.

(a) Annual audit-inspection. Inspectors from the gas pipeline safety section may visit each operator annually, or as needed, to inspect the operator's operation and maintenance records, and to perform field surveys and tests as required by the regulations of this article. Inspection guides shall be used to record information and

test results obtained in each field inspection.

- (c) Follow-up inspection. If the inspection reveals any instances of non-compliance, the inspector shall return to the operator's premises within 90 calendar days of the date of the inspection evaluation letter, or as soon as is practicable, to perform a follow-up inspection. The inspector shall re-inspect the operator's system and record any instance of non-compliance. A follow-up inspection evaluation letter shall then be sent to the operator detailing any further action required by the operator.

(d) Meeting with commission staff. If the inspector determines on the follow-up inspection that the instances of non-compliance have not been corrected, the operator may be requested to attend an informal meeting at the commission offices to discuss the operator's non-compliance with the minimum safety standards of this article.

(e) Show cause hearing. A show cause hearing may be held by the commission when all other reasonable measures have failed to produce operator compliance, or when the non-compliance presents an imminent danger to per-

sons or property.

(f) Waiver of procedures. The requirements of this regulation may be waived by the commission and an interim order issued pursuant to K.A.R. 82-1-232(c) if any instance of non-compliance with the safety standards of this article presents a probable danger to persons or property. (Authorized by and implementing K.S.A. 66-1,150 and 66-106; effective T-82-10-28-88, Oct. 28, 1988; effective T-82-2-25-89, Feb. 25, 1989; Revoked T-\_\_\_\_\_\_; effective May 1, 1989.)

If an incident occurs outside the commission's working hours of 7:50 a.m. through 4:50 p.m., Monday through Friday, or on a holiday, the operator shall contact an employee of the gas pipeline safety section. A list of these employees and their telephone numbers shall be provided by the commission to each operator.

(2) One copy of each written incident report shall be transmitted by the executive director of the commission within 10 business days of receipt to the information systems manager, materials transportation bureau, U.S. de-

partment of transportation.

(c) Small gas operators.

tion activities or events:

(1) Commencement of a construction project, but no less than 10 business days before the commencement of

the construction project; or

- (2) In the case of service line installations, specific notice shall not be required by this section. In lieu of actual notice of such construction, each operator shall submit to the Gas Pipeline Safety Section by the first of each month, an estimate of the number of service lines anticipated to be installed in each area in which it serves. (Authorized by and implementing K.S.A. 66-1,150; effective T-82-10-28-88, Oct. 28, 1988; effective T-82-2-25-89, Feb. 25, 1989; revoked T-\_\_\_\_\_\_\_\_; effective May 1, 1989.)
- 82-11-8. Customer installations: location and monitoring responsibility. (a) For residential and small commercial customers, the operator may locate a meter at

either the customer's building wall or the customer's property line or easement.

(b) For industrial and large commercial customers, the operator's meter location shall be determined by mutual agreement between the operator and the customer. Each location shall provide for an adequate margin of safety from public road and on-site traffic. Each customer shall be responsible for notifying the operator of any changes in on-site traffic patterns or other conditions which could subsequently render the agreed-upon meter location unsafe. Prior to the installation of the meter, each operator shall provide written notice to the customer of the customer's obligation to monitor and report potential unsafe conditions.

(c) For each residential and commercial customer installation placed in-service after May 1, 1989, the operator shall ensure that all yard lines installed comply with the design, installation, testing, maintenance and replacement

requirements as specified in this Article.

- 82-11-9. Waiver provisions. (a) Upon application by any person engaged in the transportation of gas or the operation of pipeline facilities, compliance with any regulation of this article which is not incorporated by reference from 49 CFR 191-192 may be waived, in whole or in part, by the commission if the commission determines that such waiver is consistent with pipeline safety. In addition, such a waiver shall be granted only:
  - (1) by order of the commission; and

(2) after notice and opportunity for hearing. The waiver shall be subject to any terms, conditions and limitations

deemed appropriate by the commission.

(b) Upon application by any person engaged in the transportation of gas or the operation of pipeline facilities, compliance with any regulation of this article which is incorporated by reference from 49 CFR 191-192 may be waived, in whole or in part, by the commission if the commission determines that such waiver is consistent with pipeline safety. In addition, such a waiver shall be granted only:

(1) by order of the commission;

(2) after notice and opportunity for hearing; and

(3) upon approval of the US department of transportation under 49 USC 1671 et seq. The waiver shall be subject to any terms, conditions and limitations deemed appropriate by the commission. (Authorized by and implementing K.S.A. 66-1,150; effective T-82-10-28-88, Oct. 28, 1988; effective T-82-2-25-89, Feb. 25, 1989; revoked T-\_\_\_\_\_\_, \_\_\_\_\_\_; effective May 1, 1989.)
